AGENCY'S DISCUSSION AND ANALYSIS

The State Treasurer's Office manages approximately \$50 billion on behalf of the State and local governments. While focusing on modernizing business operations, South Carolina Treasurer Curtis Loftis works to ensure that the State Treasurer's Office (STO) provides the best in efficient banking, investment and financial management services. Inaugurated for his third term in office in January 2019, the Treasurer continues to maintain and promote an environment of openness, transparency and accountability in government.

This document serves as a review of the responsibilities and accomplishments of the State Treasurer's Office for fiscal year 2018-2019.

- The State Treasurer's Office serves as the State's Bank, receiving, disbursing and managing funds from all sources.
- The State Treasurer's Office coordinates all banking services and structures and administers the State's debt.
- The State Treasurer's Office is responsible for the investment, cash management and safekeeping of the State's General Fund and restricted funds as well as the Local Government Investment Pool.
- The State Treasurer's Office works and communicates regularly with the three major bond rating firms to maintain high credit ratings that keep the State's borrowing costs low.
- The State Treasurer's Office administers three consumer-facing programs: the Unclaimed Property Program, the Future Scholar 529 College Savings Program and the Palmetto ABLE Savings Program.

The State Treasurer's Office has four major program areas: **Treasury Management, Banking & Investments, Debt Management and Consumer Programs, which includes Unclaimed Property, College Savings and Palmetto ABLE Savings Programs**.

<u>Banking & Investments</u>. The Banking & Investments Division manages relationships with the qualified public depository banks that provide banking services to the State of South Carolina's state agencies and universities in order to support receipt and disbursement of funds, including specialized services for merchant payment cards and merchant card processing (in accordance with South Carolina Code of Laws Sections 11-13-120, 11-13-125, and 11-13-60).

In order to maximize funds available for investment, the division performs effective daily cash management functions and monitors bank balances to ensure State funds on deposit are protected with FDIC coverage or are properly collateralized (in accordance with South Carolina Code of Laws Sections 11-13-60 and 6-5-15).

The division currently manages approximately \$20.2 billion for both the State of South Carolina and local governments (LGIP) (in accordance with South Carolina Code of Laws Section 11-9-660), with the priorities of preserving capital, maintaining liquidity and obtaining the best return within the appropriate risk parameters. General Deposit Accounts (State portfolios including the State Pool and the General Fund) are available funds that are necessary to maintaining liquidity and preserving capital. Unlike long-term investments, their cash

AGENCY NAME:		
AGENCY CODE:	Section:	

flows are invested for short periods of time. Gross earnings on General Deposit Accounts' investments and LGIP totaled approximately \$441.7 million in the 2018-2019 fiscal year, of which approximately \$81.4 million represents General Fund earnings available for legislative appropriation.

<u>Treasury Management</u>. The Treasury Management Division is responsible for managing Statewide Accounting and Investment Accounting. Treasury Management duties include the daily accounting for cash operations of the State, payroll processing and other disbursements on behalf of the State, administration of Aid to Subdivisions as well as collection and remittance of court fines and reconciliation of account deposits (in accordance with South Carolina Code of Laws Title 11, Chapters 3, 5, and 13 and Title 14, Chapter 1).

For fiscal year 2018-2019, the Division received and disbursed approximately \$34 billion in funds, including approximately 4.25 million disbursements, consisting of approximately 1.02 million paper checks and approximately 3.23 million electronic payments. Treasury Management also made 207,971 deposits on behalf of the State.

<u>Debt Management.</u> The Debt Management Division manages the debt for the State and its agencies, institutions, and authorities (in accordance with South Carolina Code of Laws Titles 11, 57, and 59). Debt Management optimizes the debt structure and ensures timely repayment of debt when it is due. During the fiscal year, the State Treasurer's Office assisted agencies in the issuance of debt for the purposes of academic and housing construction, economic development and refinancing.

In total, the State issued \$694.8 million in general obligation and revenue debt, of which the State will achieve approximately \$859,000 in refinancing savings from the refunded issues during Fiscal Year 2018-19. Further, the State maintained its excellent credit ratings with Moody's, S&P and Fitch as Aaa, AA+, and AAA, respectively.

<u>Programs.</u> The Programs Division administers the consumer facing programs of the State Treasurer's Office which includes Unclaimed Property, Future Scholar 529 College Savings and Palmetto ABLE Savings Programs.

Unclaimed Property Program. The Unclaimed Property Program manages over \$644 million in unclaimed property. In fiscal year 2018-2019, the Program returned more than \$31.5 million in unclaimed property to its rightful owners (in accordance with South Carolina Code of Laws Title 27, Chapter 18), representing the return of 43,592 properties. Also, the Program received approximately \$81.4 million in unclaimed property from business entities.

Each year, the State Treasurer's Office calculates the refund liability of the Unclaimed Property Program, which was \$239.9 million as of June 30, 2019. The State Treasurer's Office then determines what amount is available to transfer to the General Fund. In fiscal year 2018-2019, \$15 million was transferred.

Future Scholar 529 College Savings Program. Future Scholar is South Carolina's tax-advantaged 529 college savings plan, providing families with a smart, easy way to save for college (in accordance with Section 529 of the Internal Revenue Code and South Carolina Code of Laws Title 59, Chapters 2 and 4). At the end of the fiscal year, Future Scholar had approximately \$3.97 billion in assets under management of the program's 172,954 accounts, representing an almost 10% year over year increase in accounts. Once again, Future Scholar's Direct plan received top accolades from Morningstar and was recognized by third-party research firm SavingforCollege.com as a national leader. Future Scholar's

AGENCY NAME:		
AGENCY CODE:	Section:	

Direct and Advisor programs ranked in the top quartile in the nation for investment performance for three and five-year returns, and the Direct plan was ranked as the lowest-cost plan in the country.

The Future Scholar Financial Literacy Program provides an interactive, web-based financial management program offered to all South Carolina elementary schools at no cost to the schools or taxpayers. Since 2015, the program has reached 43,521 students at 593 South Carolina schools.

SC Tuition Prepayment Program. Although the General Assembly closed the Tuition Prepayment Program (TPP) to new participants in 2008, 2,707 contracts are still in force with tuition benefits available. The Program has been operating under an actuarial deficit since 2001. The State Treasurer's Office receives an annual actuarial report that tracks the Program's unfunded liability and keeps the General Assembly apprised of the ongoing legislative financial obligation to the Program. The report is available on the agency's website and provided to appropriate members of the General Assembly.

As of the end of fiscal year 2018-2019, the Tuition Prepayment Program continues to have an unfunded liability of approximately \$36.9 million. The substantial unfunded liability has created an urgent need for additional funds to be appropriated by the General Assembly. Without legislative action, the Tuition Prepayment Program is projected to be depleted of assets and unable to fund tuition payments beginning with the fall semester in 2022.

Palmetto ABLE Savings Program. The Palmetto ABLE Savings Program was launched by the State Treasurer's Office in November of 2017, allowing individuals with disabilities the opportunity to save and invest money without jeopardizing existing government benefits such as Medicaid and Supplemental Security Income (SSI). More than 850 accounts have been opened as of June 30, 2019. The STO utilizes partnerships with other agencies, non-profits and organizations supporting the disability community to educate the public of the benefits of the Palmetto ABLE Savings Program.

AGENCY CODE:	Section:	

Risk Assessment and Mitigation Strategies

The State Treasurer's Office has identified potential negative impacts on the State and the public that would result if Agency goals and objectives were not met. The top three items and the appropriate mitigation strategies are identified below by division.

Treasury Management. Without accurate and timely recording, monitoring, and reporting of all cash activity, assurance of accurate payroll and vendor payments would be compromised. Increased focus on accounting controls, enhanced reconciliation practices and improved reporting and monitoring of all cash activity will ensure an accounting is made of all monies deposited and withdrawn within the Treasury to avoid negative impacts on state employees, customers and vendors.

Banking. Without adequate banking security measures, fraud would potentially increase. Inaccuracy in the State's banking data could lead to inaccurate decision-making for State agencies. Bank-provided fraud detection tools will be utilized by all bank partners to deter fraud and protect funds on deposit with the State Treasurer's Office for all qualified public depositories.

Investment Management. If the Investment Management Division were not able to obtain the best returns possible within the prescribed parameters, the State would ultimately receive less investment income, which would negatively impact revenue to the General Fund, state agencies, colleges and universities and participating local governments. Within the appropriate risk and statutory parameters, the State Treasurer's Office reviews investment strategy and portfolio performance to identify opportunities for improvement and strives to meet or exceed applicable benchmarks in order to obtain optimal returns.
