The State Entity shall further be responsible for immediately replenishing the account with the funds necessary to resolve fully any such overdraft.

10. In addition to the internal controls referenced in item number five of the Delegation of Authority Agreement pertaining to the bank’s online system, the State Entity shall also implement adequate controls regarding:
   - Establishment of a system administrator at the State Entity, if so authorized by the STO;
   - Initiation of electronic payments (ACH and Wire Transfers) to include the requirement of dual authorization and establishment of appropriate maximum dollar limits for all ACH and Wire Transfer transactions
11. The State Entity shall implement adequate internal controls over check disbursements, including:
