#### Please explain how these funds will be used to provide a public benefit:

North Charleston SC Youth Resistance Inc (NCSCYRI) is currently working on reducing youth gun violence and violent injuries by viewing it as a public health issue. Our community-based violence prevention and intervention program will provide wrap around service to our participants, which are youth and young adults who reside in underserved communities, where gun homicide are 4 times higher than while neighborhoods. Our Street Outreach approach will tackle this problem and help to mediate and save those who are at risk of gun violence and violent related injuries. Our community based violence interputers will provide mentorship to our participants who have had similar experience and lived a life similarly to theirs. They will be able to relate and provide one on one guidance to help them adapt to a safer lifestyle and way of thinking. This would further help to reduce retaliation shooting and violent recidivism. As an organization, NCSCYRI aim to provide nonstop, wrap around services to all our participant by helping them with employment/training opportunities, transportation to access health care, financial assistance for medical expenses and basic daily needs, therapy, education, and personalized resources, etc. Our objective will be to decrease the overall crime rate and increase overall public safety, decrease the overall recidivism rate among juvenile and young adult offenders, decrease the overall number of juvenile and young adults committed to correctional facilities, increase parent involvement, and increase graduation rates.
