Plan/Accounting of how these funds will be spent:

Description	Budget	Explanation
Beautification, painting, awnings, exterior enhancements of downtown buildings	\$100,000.00	Enhance the Public Square to entice greater city economic development
Splash pad at Sergeant Terrance Carraway Park	\$100,000.00	Build splash pad for public to enjoy on city's southside at a popular park
Splash pad at Hampton Street Park	\$100,000.00	Build splash pad for public to enjoy on city's north side at a popular park
Grand Total	\$300,000.00	

Please explain how these funds will be used to provide a public benefit:

The City's center of commerce, the Public Square, has a new judicial center being built. These funds will compliment the new government facility and greatly benefit the public by allowing the City to partner with business owners to entice them to make much needed facade enhancements to increase economic development. The city will leverage these monies with a match requirement of 1:1 to a maximum \$5,000 per business (up to 20 businesses). Therefore if a business owner spends \$5,000, the City will match it to \$5,000 and double the state's appropriation. These enhancements will only be allowed on the business fronts facing the public's view. The two splash pads will be built using a portion of this appropriation and matching it with local hospitality tax funds that will also leverage the monies. Sergeant Terrance Carraway was a local police officer who lost his life in the line of duty; the park is in his honor as he was very active with local childrens' sports. Hampton Street Park is our most utilized park and attracts people from all over the city. The splash pads will greatly enhance the public's quality of life and be a valuable benefit.
