Project Summary: The Station at Congaree Pointe

The Columbia Empowerment Zone, Inc. (CEZ) is proud to lead the master development of The Station at Congaree Pointe — a bold, 23-acre community revitalization project located along Bluff Road in Columbia, South Carolina. This historic collaboration brings together city, county, and state governments, along with nonprofit and community-based partners, to address decades of disinvestment in the Bluff Road corridor.

Identified in the City of Columbia’s Comprehensive Plan as an area lacking basic quality-of-life services, the Bluff Road corridor has long struggled with limited access to fresh food, healthcare, public safety, and economic opportunity. The Station at Congaree Pointe aims to change that.

Conveniently located near I-77 and just four miles south of Williams-Brice Stadium, the site also serves as a gateway to Congaree National Park — South Carolina’s only national park — making it a prime location for growth and reinvestment.

Key Features of the Development

1. The Market at Congaree Pointe

CEZ will construct a 15,000+ square-foot, multi-use facility that addresses food insecurity and fosters entrepreneurship.

- **Fresh Food Access:** Located in a designated food desert, the Market will allow residents to purchase fresh, healthy foods. A partnership with Cooperative Health (CH) enables patients to fill “food prescriptions” at the Market.
- **Entrepreneur Support:** Five shared-use, certified commercial kitchens will provide affordable space for local food entrepreneurs and food truck operators.
- **Community Café:** The café will serve as both a needed neighborhood amenity and a launchpad for an aspiring entrepreneur to build generational wealth.

2. Richland County Magistrate Court & Sheriff Substation

Richland County will construct a new 15,000-square-foot facility to house the Olympia Magistrate Court and a Sheriff’s Substation, improving community policing and public safety.

- This facility will enhance law enforcement presence and allow for more direct community engagement.

3. Cooperative Health Community Healthcare Center

In partnership with CEZ, Cooperative Health, a Federally Qualified Health Center (FQHC), will develop a 16,000 square-foot health center offering:

- **Comprehensive Services:** Primary care, dental, pediatrics, OB/GYN, behavioral health, counseling, and a drive-thru pharmacy.
- **Health Equity Impact:** The clinic will improve access to care, reduce chronic conditions, lower ER visits, and promote overall wellness in the Bluff Road corridor.

4. City of Columbia CPD Southeast Regional HQ

The City has an initial design and plans to build the Southeast Regional Headquarters for the Columbia Police Department (CPD). The structure will be an 11,530-square-foot facility.

- The CPD HQ will house officer workstations, supervisor offices, a roll-call room, equipment storage, and more.

The Station at Congaree Pointe is more than a development — it's a long-overdue investment in people, infrastructure, and opportunity for the surrounding unincorporated communities. By integrating health, safety, justice, and entrepreneurship into one vibrant hub, this project will help improve daily life for residents and catalyze future growth throughout the Bluff Road corridor.

Hi Kenya,

I apologize for the delay in reaching out to you. I spoke to Carol on Thursday, but I wanted to reach out to you as well.

I wanted to let you know that the quarterly report template for the appropriations that were

awarded in FY23 (\$2M) that is due in October has not been sent out to agencies yet. I should be sending them out this afternoon.

I also wanted to let you know that even though the FY25 Earmark Appropriations (\$1.5M) were awarded for the Beltline project it needs to be viewed as a separate award from the FY23 award and need to be tracked that way.

If you have any questions, please don't hesitate to reach out.

Bluff/Atlas Road Improvements

FY 2023 - 2024 - Progress Report - 2nd Quarter

Project Description: Our plan for the 9+/- acre site on Bluff Road is to provide spaces for multipurpose use. The strip development plan is to be a facility that includes space for farmers' market, retail sales, commercial kitchens, and event space. The site is expected to include an area for a food truck zone, public space and areas for garbage disposal, grease disposal and recycle disposal. The health care facility is priority and will develop in first phase. The market place and retail space will developed in a separate phase. The proposed development is on a corridor that has a history of disinvestment and residents lack access to fresh food and health care. The City of Columbia Food Policy Committee has identified the area as a food desert. Additionally the City's Comprehensive Plan identified the area as an area lacking quality of life necessities. We have engaged Eau Claire Cooperative Health (ECCH) as a partner and they will construct a 15,000 sq ft total care medical facility with pharmacy. ECCH has the unique ability to write prescriptions for their clients to purchase fresh food that we plan to sell at the market. Additionally there is over 1,000 affordable apartment units under construction behind the site shown. **Update:** New partnership formed with Richland County to aide in the implementation of their plan to construct a new Magistrate facility.

Market Place at Congaree Point

FY 2023- 2024 - Progress Report-1st Quarter

Project Description: Our plan for the 9+/- acre site on Bluff Road is to provide spaces for multipurpose use. The strip development plan is to be a facility that includes space for farmers' market, retail sales, commercial kitchens, and event space. The site is expected to include an area for a food truck zone, public space and areas for garbage disposal, grease disposal and recycle disposal. The health care facility is priority and will develop in first phase. The market place and retail space will developed in a separate phase. **The proposed development is on a corridor that has a history of disinvestment and residents lack access to fresh food and health care.** The City of Columbia Food Policy Committee has identified the area as a food desert. Additionally the City's Comprehensive Plan identified the area as an area lacking quality of life necessities. We have engaged Eau Claire Cooperative Health (ECCH) as a partner and they will construct a 15,000 sq ft total care medical facility with pharmacy. ECCH has the unique ability to write prescriptions for their clients to purchase fresh food that we plan to sell at the market. Additionally there is over 1,000 affordable apartment units under construction behind the site shown.

The proviso does not state who has to sign the Earmarked Appropriation Quarterly Reports so we have left that determination up to the organizations as to who they would like to sign the documents.

Good afternoon, Ms. Romaniello.

I hope this email finds you well. The City of Columbia is shoring processes and procedures for all earmark funds, and would like clarification on who is eligible to sign off on reports that are due to your agency. Please let me know if senior staff (i.e., a Program Director) are allowed to sign, or if all reporting instruments are to be signed off by the City Manager, or in her absence, an acting City Manager.

Thank you for your assistance.

Carol

Market Place at Congaree Point

FY 2022- 2023 - Progress Report

Project Description: Our plan for the 9+/- acre site on Bluff Road is to provide spaces for multipurpose use. The strip development plan is to be facility that includes space for farmers' market, retail sales, commercial kitchens, and event space. The site is expected to include an area for a food truck zone, public space and areas for garbage disposal, grease disposal and recycle disposal. The market place and retail space are priority and will develop in first phase. **The proposed development is on a corridor that has a history of disinvestment and residents lack access to fresh food and health care.** The City of Columbia Food Policy Committee has identified the area as a food desert. Additionally the City's Comprehensive Plan identified the area as an area lacking quality of life necessities. We have engaged Eau Claire Cooperative Health (ECCH) as a partner and they will construct a 10,000 medical facility with pharmacy. ECCH has the unique ability to write prescriptions for their clients to purchase fresh food that we plan to sell at the market. Additionally there is over 1,000 affordable apartment units under construction behind the site shown.

I apologize for the delay in response. I was out of the office yesterday. The signer can be either of those individuals. It is up to the agency who signs. The signer just has to be able to verify that the funds were expended in accordance with the approved disbursement request and used for a public purpose.

Hi Ms. Romaniello!

I hope you are having an awesome afternoon! I left a vm a bit ago, and wanted to follow up with this email. We are wondering if the Quarterly Expenditure Reports require the City Manager's signature, or is it OK for department Directors to sign the forms as well.

The report I uploaded from Parks and Recreation has their Director's signature affixed. If that is not correct, we will amend and resubmit.

Ever notice it's the "little" things which require the most explanation? I think that's a T-shirt! Seriously though, I appreciate your help!

Regards,
Carol

Hi Carol,

You are correct that is the template. Each project will need a separate report. I did want to let you know that the state agency cell should be "X220 - Aid to Subdivisions – Treasurer".
If you have any additional questions, please let me know.

Hello,

Please see attached for your payment confirmation letter.

I have also included your quarterly expenditure report spreadsheet that you will use.

Below is the schedule of when quarterly reports are due. Your first quarterly report will be due **January 15, 2023**.

Quarterly Update Schedule				
Time Frame	7/1 - 9/30	10/1 - 12/31	1/1 - 3/31	4/1 - 6/30
Due Date	10/15	1/15	4/15	7/15

* Quarterly Update requirement continues until all funds have been spent.

I understand that since funds are just being received your organization may not have any expenditures to report for the first two quarters. If that is the case, you will put zeros in the expenditure section with the quarters that had no expenses.

Hey Missy,

The ACHs were just sent last night so it might take a few days for them to show in your bank. Belvedere was processed at the same time as the other two, but the CG's Office hasn't approved it yet. Once it is approved I will send you an email letting you know. I am keeping a close eye on them since I have 4 payments that I am waiting on the CG's Office to approve. I hope you have a very Merry Christmas as well.

I just received emails from Dept. of Treasury for the allocations for Beltline Project and the Bluff/Atlas Project. I have sent that to Finance to verify we see payment on our end as well. I am reaching out to see if you know the allocation for the Belvedere Project is also being processed or if it is being held for some reason. Please let me know if you need anything else in order to process payment for that project as well.

Thanks – and hope you have a Merry Christmas!

Thank you Carol!

I noticed that you left the Vendor number section blank. I used the information you

provided under the Organization Information section to find a vendor number that I believe would be the best match.

If you can confirm that the vendor number below is the correct one to use for this request, I will then move it forward for review/approval and processing.

I have also included the link to look up your vendor number below.

Thank you so much Missy!

The last thing I need to clarify is the blank cells that were on each request. For the first two it is the Tax ID and for the third is the vendor number. I have included a table of the information that was provided and the information that I recommend based on the forms that were submitted. All three vendor numbers are set up with the same tax ID number and for direct deposit that goes to the same account.

Please let me know if you agree with my recommended items. I will then move all three forward for review, approval, and processing.

We completed the registration process through the Secretary of State and received the attached letter reflecting such. I believe this is the final document needed in order to process payment for allocations from the State that are being handled by the State Treasurers Office. Please confirm that is an accurate understanding and provide an indication of when the funds will be provided to the City, in order to allow us to plan properly for each project.

Hi Kyle,

I apologize for the delay in response.

Currently I have received two of the three forms for the City of Columbia. I am missing the one for Beltline Blvd Community Enhancements.

The City of Columbia is also not registered with the Secretary of State's ("SOS") Office at this time, but I just sent an email to Missy Caughman a few minutes ago in regards to it. I also provided her with contact information for SOS staff in case assistance was needed with registering.

I also called Missy Gentry to discuss what was still needed and left a voicemail.

I am working through the group of submissions I have received to date and plan to provide management with what has been submitted for review and approval this week. If they are approved and all necessary registrations are completed, I hope to have payments processed next week. I looked up the vendor number that was provided to be for City of Columbia (7000091006), and it shows that the payment will be sent electronically.

If there is any additional assistance I can provide, please do not hesitate to reach out.

The City of Columbia is my client at the State House. On October 28, we sent you the paperwork for the City's three projects to be funded with the reprogrammed Convention Center funds that are coming through your office.

I'm just checking on when you think the City might see the funds for these projects and also confirming that the funds will come by wire transfer.

I appreciate any information you can give us.

Thanks!

Hi Missy and Carol,

When I was verifying the vendor number you listed on your request forms, I noticed that the address was different than what you listed on your form. The tax ID listed with vendor number 7000091006 is 57-6000229. I looked to see if there was a different vendor number that used that tax ID and the address you listed and found vendor number 7000202981. I checked and both vendor numbers are set up to receive ACHs and use the same bank account number. At this time, I plan to use vendor number 7000202981 when we process payment. Please let me know if there would be any issue with using that vendor number. I have also included screen shots below for reference.

Thank you so much for this update. We will get you the information for Beltline Boulevard Community Enhancements ASAP.

The Secretary of State registration has been a little confusing, not just for us, but for all local governments receiving budget earmarks. When you click through the link to register with the Secretary of State, the only options you have are filing as a charity, a raffle or a professional fundraiser. Obviously, the City of Columbia is not any of these. If you have any good intel on how the City is supposed to register with the Secretary of State other than through the link below, can you let us know?

Hi Missy,

I do not believe there is another option, but I can double check. Below is what I received from the Comptroller General's Office earlier this fiscal year in regards to cities, towns, and counties registering with the Secretary of State.

"Over the past couple of weeks, we have received several inquiries concerning the need for political subdivision ("PSD") receivers to have registered with the South Carolina Secretary of State's ("SOS") Office prior to disbursement of funds.

Remember, Proviso 118.19(D) states *"For purposes of item (B)(78) and **all items** thereafter, funds shall not be disbursed until verification that receiver's organization is registered as a business, nonprofit, or charitable organization with the South Carolina Secretary of State's office."*

After discussion with the SOS's Office, PSD's do register with the SC SOC's Office and may either receive a registration or a registration exemption (*since they are a governmental entity subject to FOIA*)."

I have included the contact information for two individuals from the SOS Office that would be able to assist with any questions regarding registering with the SOS.

Kim Wickersham, CPM, Director, Public Charities Division of the SC SOS's Office at (803) 734-2174 or kwickersham@sos.sc.gov

Shannon Wiley, General Counsel & Public Information Director of the SC SOS's Office at (803) 734-0246 or swiley@sos.sc.gov

I will let you know if I hear anything different about registering with the SOS.

Hi Kyle,

I apologize for the delay in response.

Currently I have received two of the three forms for the City of Columbia. I am missing the one for Beltline Blvd Community Enhancements.

The City of Columbia is also not registered with the Secretary of State's ("SOS") Office at this time, but I just sent an email to Missy Caughman a few minutes ago in regards to it. I also provided her with contact information for SOS staff in case assistance was needed with registering.

I also called Missy Gentry to discuss what was still needed and left a voicemail.

I am working through the group of submissions I have received to date and plan to provide management with what has been submitted for review and approval this week. If they are approved and all necessary registrations are completed, I hope to have payments processed next week. I looked up the vendor number that was provided to be for City of Columbia (7000091006), and it shows that the payment will be sent electronically.

If there is any additional assistance I can provide, please do not hesitate to reach out.

I appreciate any information you can give us.

Hi Missy,

I do not believe there is another option, but I can double check. Below is what I received from the Comptroller General's Office earlier this fiscal year in regards to cities, towns, and counties registering with the Secretary of State.

"Over the past couple of weeks, we have received several inquiries concerning the need for political subdivision ("PSD") receivers to have registered with the South Carolina Secretary of State's ("SOS") Office prior to disbursement of funds.

Remember, Proviso 118.19(D) states *"For purposes of item (B)(78) and **all items** thereafter, funds shall not be disbursed until verification that receiver's organization is registered as a business, nonprofit, or charitable organization with the South Carolina Secretary of State's office."*

After discussion with the SOS's Office, PSD's do register with the SC SOC's Office and may either receive a registration or a registration exemption (*since they are a governmental entity subject to FOIA*)."

I have included the contact information for two individuals from the SOS Office that would be able to assist with any questions regarding registering with the SOS.

Kim Wickersham, CPM, Director, Public Charities Division of the SC SOS's Office at (803) 734-2174 or kwickersham@sos.sc.gov

Shannon Wiley, General Counsel & Public Information Director of the SC SOS's Office at (803) 734-0246 or swiley@sos.sc.gov

I will let you know if I hear anything different about registering with the SOS.

Hello,

The State of South Carolina Fiscal Year 2022-2023 Appropriations Act provides the revenue for State government to meet its budgetary expenses. This year's Act included allocations to the Office of the State Treasurer (STO) reserved as one-time appropriations for contributions to outside organizations. Your organization was selected as one of those outside organizations. I have attached 2 files as part of your enrollment packet. Please read the Appropriated Funds Cover Letter first. There you will find important information regarding FY 2022-2023 reporting requirements and guidance on how to complete the Earmarked Appropriations Disbursement Request form.

In order for funds to be disbursed to your organization, you will not only need to submit the Earmarked Appropriations Disbursement Request form but also be registered as a vendor with the State of South Carolina. If you do not have a vendor number, please use the link below to access new vendor registration. If you need to update your vendor information you may also do that from the link below.

<https://procurement.sc.gov/doing-biz/registration>

Once you receive your vendor number or if you already have a vendor number, please include it on the Earmarked Appropriations Disbursement Request form in the "Vendor #" section.

All completed forms should be submitted to the STO - Appropriated Contributions email address listed below.

STO.Appropriated.Contributions@sto.sc.gov

In accordance with Executive Order 2022-19, STO is required to promptly make available for public review and inspection on our website any and all reports, accountings, forms, updates, communications, or other materials required by Proviso 117.21. Below is the link to where the information will be available on our website.

RE: State Appropriated Contributions, FY 22-23 Reporting Requirements

Dear Missy Gentry:

The State of South Carolina Fiscal Year 2022-2023 Appropriations Act provides the revenue for State government to meet its budgetary expenses. This year's Act included allocations to the Office of the State Treasurer (STO) reserved as one-time appropriations for contributions to outside organizations. The amount below indicates the funds which have been allotted in our agency's budget for your organization.

<u>Organization receiving appropriated funds:</u>	<u>Amount</u>
Belvedere Neighborhood Flood Mitigation	\$3,000,000.00
Bluff Rd and Atlas Rd Area Improvements	\$4,000,000.00
Beltline Blvd Community Enhancements	\$2,000,000.00

Budget Proviso 117.21 outlines reporting requirements for recipients of appropriated contributions. In addition, please note that Section 11-9-110 of the South Carolina Code requires that you agree to be audited by the State Auditor. (A copy of these applicable laws is attached for your convenience.)

Please see enclosed Excel workbook for data we must collect to be able to disburse these funds. This initial report, along with other information as detailed within the Instructions, must be submitted in electronic format to STO prior to funds being dispersed. After the funds have been dispersed, you must also file quarterly reports in addition to a year-end report with STO by **June 30, 2023** via a format to be provided prior to that date. Your submissions will be forwarded to the Chairman of the Senate Finance Committee, the Chairman of the House Ways and Means Committee, and the Executive Budget Office by the STO. Per Governor McMaster's Executive Order, any and all reports, accountings, forms, updates, communications, or other materials required by Proviso 117.21 will be made available for public review and inspection on the STO website.

Please note that to be paid by the State of South Carolina, you must be a registered vendor of the State. If you are not already a registered vendor, please see <https://procurement.sc.gov/doing-biz/registration> to complete this required task. Once known, please ensure you include your State of SC vendor number on the enclosed Earmarked Appropriations Disbursement Request form when you return it to the STO.

Should you have any questions or concerns, please do not hesitate to email the Division of Treasury Management at STO.Appropriated.Contributions@sto.sc.gov. We look forward to working with you.
