Hey Phanes,

I have updated the document with the information you sent in the word document. I noticed that the budget column was not adding all of your lines together, so I fixed that as well.

It looks like you will need to update your budget because it is currently over budget by \$35,000. We understand that the project might cost more than what was awarded, but we only need to know about the amount that was awarded. Once you update the budget so that it matches the award, please sign the document and send it back to me.

Meg where are we in the process for receiving funds for the Appropriated Contributions FY 24-25?

We have published a request for proposals in the Spartanburg Herald Journal in the legal section of the classified ads to solicit bidders for the renovation project.

Additionally, on our original request we requested funds to reimburse our operations account for new windows we installed in the building. We listed that as a line item which was approved in the appropriated contribution total. I wanted to verify we can reimburse our operations account that amount which was listed as \$35,000 dollars. This amount was listed on the budget we originally emailed you. We are in the process of planning for our budget year.

I did a quick review and noticed a few areas that need to be updated.

• The vendor number should be your 7000* number from the vendor search.

Since you are a non-profit, you will need to fill out the "Governing Board and Executive" tab.

- The signature was missing from the "Organization Certifications" section.
 - This can be typed in as long as the "signer" is the person sending the email to STO.
