## Please explain how these funds will be used to provide a public benefit:

The town of Winnsboro is designed as a walkable one, and is designated a Tree city. The small Town government could not fund beautification projects over their needed infrastructure expansions. These funds allow us to finally provide some of the items our residents have been asking for in community meetings, which the Town periodically holds. The Town morale has raised just by the Town having meetings asking our residents what they want for the Town, which would increase better quality of life for our residents. Our Plan/Accounting is based on their priorities, and feedback reported.
