Dear Meg,

Attached please find our Q3 report.

I note that there are some expenses that aren't yet reflected in our accounting system but I will include them in our Q4 report. Our Q4 report will also include a number of outreach and technical assistance activities associated with our travel within the state to increase our partners' capacity for receiving and successfully managing funding support for work in our CORE SC resilience sectors.

Also, this Q3 report shows the competitively awarded subgrants that we issued in accordance with our planned activities for the year, which explains the large increase in the seed grants/project investments line. Additionally, the increased expenses in our operations line reflect the work that was devoted to creating and managing the competitive grant solicitations, evaluation, and selection activities associated with those competitive awards.

Thank you for your ongoing assistance and support,
Susan

Hi, Meg,

Thanks again for working with me on this. I have attached the updated report showing both Q1 and Q2 expenditures.

I also wanted to report that we successfully completed our second round of competitively awarded grants, totaling \$399,803, including the first round. These were awarded on a cost reimbursement basis so the expenses won't "hit" our finance system until the grantees invoice us for reimbursement of their project expenses. But this has been a major goal of our program and we have made strong progress on this activity.

All the best,
Susan

I wondered about that, but the form seemed to add those to the Q2 figures for the total column, so I assumed the Q1 figures were there but hidden. I will re-do it to reflect the amounts for Q1 and Q2.

Hi, Meg,

I wondered about that, but the form seemed to add those to the Q2 figures for the total column, so I assumed the Q1 figures were there but hidden. I will re-do it to reflect the amounts for Q1 and Q2.

Thank you,
Susan

Hello, Meg,

I am going to be submitting our quarterly report that is due on April 15, and I have a question I am hoping you can answer. We have some expenditures "in the works"—that is, we have issued a subaward and are issuing another one this week, but the recipients have not yet drawn down their funds. Should we reflect these as expenditures since the funds have been obligated, or should we wait to report them until we have actually paid them out?

This will likely be the case on a larger scale moving forward, so I want to make sure I handle this appropriately and consistently.

With much appreciation,
Susan

Hello, Meg,

Attached is the quarterly report for CORE SC at the College of Charleston.

As you noted below, we only received the funding recently and so have no expenditures as of yet. I will make sure that that we submit our 3rd quarter report in mid-April, which I anticipate will reflect expenditures.

Many thanks for your assistance and support,
Susan

Hello,

Please see attached for your payment confirmation letter.

I have also included your quarterly expenditure report spreadsheet that you will use.

Below is the schedule of when quarterly reports are due. Your first quarterly report will be due

January 15, 2023.

Quarterly Update Schedule

Time Frame	7/1 - 9/30	10/1 - 12/31	1/1 - 3/31	4/1 - 6/30
Due Date	10/15	1/15	4/15	7/15

* Quarterly Update requirement continues until all funds have been spent.

I understand that since funds are just being received your organization may not have any expenditures to report for the first two quarters. If that is the case, you will put zeros in the expenditure section with the quarters that had no expenses.

If you have any questions or issues with the spreadsheet, please do not hesitate to reach out.

Thank you,

Meg

Hi Griffin,

This is not the report for our agency. This would go to the Department of Parks, Recreation & Tourism.

I believe the college is handling the reports for the CORESC (\$1,000,000) funds, but I would recommend checking with them.

CORE SC was created by the College of Charleston, Charleston County Government, and the South Carolina Aquarium as a nexus for solutions and best practices for statewide resilience in 5 sectors: Water, Energy, Connectivity, Agriculture, and Natural Hazards (WE CAN). CORE SC works with NASA through the College of Charleston's management of South Carolina's NASA Space Grant and NASA EPSCoR programs, and now includes Dominion Energy and the South Carolina Research Authority on its Board. Other CORE SC partners reflect a breadth of public and private sector representatives with the goal of coordinating awareness of resilience issues and resources that can address those issues to improve quality of life for South Carolinians. This CORE SC funding will support the State's NASA Space Grant and NASA EPSCoR programs and leverage federal funding to develop state research, education/training, and economic development capacity and improve South Carolina's position for attracting a permanent NASA base focused on resilience. A combination of operational support, education/outreach/training support, and research/demonstration project support will further CORE SC's goals of bringing resilience solutions to South Carolinians and enhancing South Carolina's position as a NASA partner, through utilization of existing mechanisms and development of innovative strategies. This State funding will benefit the public through a combination of direct services, research and economic development capacity building leading to enhanced competitiveness for additional federal funding, and increased knowledge about and solutions for resilience issues in South Carolina, and establish South Carolina as a leader in the new space economy.

No problem. I did want to let you know that after verifying the vendor number(7000139913), we will have to use the alphanumeric vendor number (000H150501) instead since the College of Charleston is a state agency. There is nothing you have to do. I just wanted to let you know about the vendor number change. If you have any questions, please let me know.

Hello, Meg,

I just received the notification that the College of Charleston's exemption application has been accepted for the CORE SC funding; please see a PDF of the SC Secretary of State's Search Charities page ([SCSOS Charity Search](#)). Also attached is a copy of the confirmation letter from the SC Secretary of State's office.

Are there any other steps that we need to take in order to receive the CORE SC funds?

Thank you again for your help as we navigate this process.

I hope you have a good Thanksgiving,

Hi, Meg,

I hope I didn't have a mix-up on my side—it looks like I had two separate Zoom meetings on my calendar and I may have been on the "wrong" one. Please excuse me if so! Could we reschedule, and I will make sure that I open the correct one?

I have some time today between 12:30-1:00 as well as after 4:00 this afternoon.

Many thanks!
Susan

Hi, Meg,

I realize today is Veterans Day and you are likely not in the office (we observe Veterans Day during the winter break at CofC). I have talked with Griffin and we would like to confirm some information with you before anything is processed. Would you have a few minutes Monday between 10:00 and 1:00 when I could call you? If not, we can find another day/time.

Many thanks!

Hello, Meg,

I just received the notification that the College of Charleston's exemption application has been accepted for the CORE SC funding; please see a PDF of the SC Secretary of State's Search Charities page ([SCSOS Charity Search](#)). Also attached is a copy of the confirmation letter from the SC Secretary of State's office.

Are there any other steps that we need to take in order to receive the CORE SC funds?

Thank you again for your help as we navigate this process.

I hope you have a good Thanksgiving,
Susan

Hi, Meg,

I hope I didn't have a mix-up on my side—it looks like I had two separate Zoom meetings on my calendar and I may have been on the “wrong” one. Please excuse me if so! Could we reschedule, and I will make sure that I open the correct one?

I have some time today between 12:30-1:00 as well as after 4:00 this afternoon.

Many thanks!

Susan

Hi, Meg,

I realize today is Veterans Day and you are likely not in the office (we observe Veterans Day during the winter break at CofC). I have talked with Griffin and we would like to confirm some information with you before anything is processed. Would you have a few minutes Monday between 10:00 and 1:00 when I could call you? If not, we can find another day/time.

Many thanks!

Communication Log

Date: 11/15/2022

Outgoing/Incoming Call: Zoom Video Call

Call Details: Susan Rivaleau with the College of Charleston and Meg Romaniello discussed the history of CORESC, the disbursement request form submitted, and the registration needed with the Secretary of State's Office. Meg informed her that since it was a joint initiative between the College of Charleston and the South Carolina Aquarium whichever agency was going to be managing and receiving the funds on behalf of CORESC would need to be the one registered with the Secretary of State's Office. Susan stated that the South Carolina Aquarium and College of Charleston had decided that the College of Charleston should be the one to receive the funds since they would be the ones managing them, and it would provide increased transparency since they were a state agency. Meg stated that after their call she would send the contact information for the two Secretary of State's Office members that would be able to assist her with registering and that if she had any questions to please not hesitate to reach back out.

I realize today is Veterans Day and you are likely not in the office (we observe Veterans Day during the winter break at CofC). I have talked with Griffin and we would like to confirm some information with you before anything is processed. Would you have a few minutes Monday between 10:00 and 1:00 when I could call you? If not, we can find another day/time.

Many thanks!

CORE SC was created by the College of Charleston, Charleston County Government, and the South Carolina Aquarium as a nexus for solutions and best practices for statewide resilience in 5 sectors: Water, Energy, Connectivity, Agriculture, and Natural Hazards (WE CAN). CORE SC works with NASA through the College of Charleston's management of South Carolina's NASA Space Grant and NASA EPSCoR programs, and now includes Dominion Energy and the South Carolina Research Authority on its Board. Other CORE SC partners reflect a breadth of public and private sector representatives with the goal of coordinating awareness of resilience issues and resources that can address those issues to improve quality of life for South Carolinians. This CORE SC funding will support the State's NASA Space Grant and NASA EPSCoR programs and leverage federal funding to develop state research, education/training, and economic development capacity and improve South Carolina's position for attracting a permanent NASA base focused on resilience. A combination of operational support, education/outreach/training support, and research/demonstration project support will further CORE SC's goals of bringing resilience solutions to South Carolinians and enhancing South Carolina's position as a NASA partner, through utilization of existing mechanisms and development of innovative strategies. This State funding will benefit the public through a combination of direct services, research and economic development capacity building leading to enhanced competitiveness for additional federal funding, and increased knowledge about and solutions for resilience issues in South Carolina, and establish South Carolina as a leader in the new space economy.

RE: State Appropriated Contributions, FY 22-23 Reporting Requirements

Dear Susan Anderson and Courtenay Lewandowski:

The State of South Carolina Fiscal Year 2022-2023 Appropriations Act provides the revenue for State government to meet its budgetary expenses. This year's Act included allocations to the Office of the State Treasurer (STO) reserved as one-time appropriations for contributions to outside organizations. The amount below indicates the funds which have been allotted in our agency's budget for your organization.

<u>Organization receiving appropriated funds:</u>	<u>Amount</u>
CORESC	\$1,000,000.00

Budget Proviso 117.21 outlines reporting requirements for recipients of appropriated contributions. In addition, please note that Section 11-9-110 of the South Carolina Code requires that you agree to be audited by the State Auditor. (A copy of these applicable laws is attached for your convenience.)

Please see enclosed Excel workbook for data we must collect to be able to disburse these funds. This initial report, along with other information as detailed within the Instructions, must be submitted in electronic format to STO prior to funds being dispersed. After the funds have been dispersed, you must also file quarterly reports in addition to a year-end report with STO by **June 30, 2023** via a format to be provided prior to that date. Your submissions will be forwarded to the Chairman of the Senate Finance Committee, the Chairman of the House Ways and Means Committee, and the Executive Budget Office by the STO. Per Governor McMaster's Executive Order, any and all reports, accountings, forms, updates, communications, or other materials required by Proviso 117.21 will be made available for public review and inspection on the STO website.

Please note that to be paid by the State of South Carolina, you must be a registered vendor of the State. If you are not already a registered vendor, please see <https://procurement.sc.gov/doing-biz/registration> to complete this required task. Once known, please ensure you include your State of SC vendor number on the enclosed Earmarked Appropriations Disbursement Request form when you return it to the STO.

Should you have any questions or concerns, please do not hesitate to email the Division of Treasury Management at STO.Appropriated.Contributions@sto.sc.gov. We look forward to working with you.

Sincerely,

Meg Romaniello | Accounting/Fiscal Manager II
